Tours to California

California has been most fittingly termed the "Italy of America." All the delicious balm, the cloudless sky, and the rich verdure of the great European peninsula are duplicated in this sunny land of the Pacific. Here nature basks in the sunshine of her own beauty; and here she has established her own sanitarium, where eternal spring inspires everlasting youth. With the snow-mantled peaks of the Sierras upon the one hand the calm Pacific with its soft breezes upon the other, and a veritable paradise of flowers, fruits and plants between, man can find and needs no lovelier land. To visit such a country is a privilege, a blessing.

Murder in a Barroom.

CHICAGO, Dec. 14.—The barroom of the Hotel LeGrand, on Wells street, was the scene of a murder early yesterday morn-ing. At 6 o'clock two men, "a tall man and a short man," as usual, entered the saloon. The short man pushed the porter behind a door and held him there with a revolver pointed at his breast. The tall man advanced to the bar and demanded of the bartender, William Jahns, the money in the till. Jahns reached beneath the bar and accidentally knocked over a number of glasses, which fell to the floor with a crash. The tall man, evidently thinking that the bartender was reaching for a pistol, drew a revolver and fired two shots, one of the balls passing through Jahns' heart. The men escaped.

THE FAIR WILL AGAIN.

Spanish Government Will Protect Rev. Experts Declare That Mrs. Craven's "Docnents" Are All Clever Forgeries.

SAN FRANCISCO, Dec. 14.—The Chroniele says that Messrs Ames and Carvalho, the New York experts who came out here in the interests of the Fair children, have made a report in which they declare the pencil will to be a forgery. The deed to pencil will to be a forgery. The deed to half a million dollars' worth of property, held by Mrs. Nettie R. Craven, and her contract marriage with the late Senator Fair, are also placed in the same category. When Senator Fair died he left a yast estate valued at from \$20,000,000 to \$40,-000,000. In his will he took elaborate 000,000. precautions to keep the estate intact, and the property was left in the shape of a trust for the benefit of this children, Mrs. Herman Oelrichs, of New York, Miss Virginia Fair and Charles L. The children objected to the trust clause and sought somewhere to avoid it. Then it was that Mrs. Craven, a school teacher, and mother of Margaret Craven, the actrees, produced a will of a later date written with a peacil, in which Senator Fair stributed his estate among his children without any trusts. The heirs were at first disposed to accept this pencil will, but changed their minds when Mrs. Craven produced deeds to valuable property which she said had been left to her by Senator Fatr, and also a marriage contract with the late senator. Then it was that the New York experts were brought here to examine the various doc uments. Their belief is as stated-that Mrs. Craven's documents are all forgeries, cleverly executed.
